EDUCATION

Indian Institute of Information Technology, DHARWAD ***08/2018 - 08/2022***

Bachelor of Technology in Computer Science and Engineering **Dharwad, Karnataka**

SUMMARY

Computer Science graduate with hands-on experience in Python, Java, JavaScript, ReactJS, Advanced SQL, object-oriented programming, data structures, machine learning, and full-stack application development. Built database-driven, Android, AI/ML, and web applications through academic projects and a machine learning internship. Strong foundation in software development, debugging, Git, AWS, Generative AI, and Agentic AI, with 100+ DSA problems solved.

EXPERIENCE

Verzeo ***02/2021 - 04/2021***

Machine Learning Intern

- Designed, coded, tested, and optimized an image classification system using Python and supervised learning algorithms, achieving over 85% accuracy while debugging model performance and improving prediction reliability.

SKILLS

- **Problem-Solving:** Solved 100+ Data Structures & Algorithms problems on LeetCode, focusing on arrays, strings, and dynamic programming with Java and Python, 50+ SQL Queries, and Debugging
- **Languages**: C++, **Java**, **Python**, JavaScript, CSS, HTML
- **Technologies**: **MySQL**, Android Studio, Power BI, Tableau, Object-oriented Programming, Machine Learning, Generative AI, Prompt Engineering, Agentic AI, Database management, DBMS, Data analytics Dashboard.
- **Tools**: Git, VS Code, GitHub, ReactJS, Firebase, AWS
- **Soft Skills**: Teamwork, Problem Solving, Resilience, Time Management, Analytical thinking, Communication

PROJECTS

Garage Badshaah (Android App) | *Android Studio, Java, MySQL,Firebase*

- Built a mobile app to locate garages within a 2 to 5 km and enable seamless online payments.
- Pioneered real-time location tracking using the Google Maps API, enabling drivers to visualize optimal routes and decrease average delivery times by 15 minutes per route.
- Improved app performance, resulting in a 30% increase in downloads.

AI-Powered Voice Expense Tracker | Python, FastAPI, LLM, Notion API, Apple Shortcuts, Render

- Built a voice-based expense tracker using LLM-powered natural-language parsing to extract expense, amount, category, and payment method.
- Developed a FastAPI REST API with API-key authentication, Pydantic validation, and Notion API integration.
- Automated iPhone voice input → LLM → FastAPI → Notion for seamless cloud-based expense tracking.

AI-Based Image Classification System | *Artificial Intelligence, Simulation,testing*

- Built and trained a CNN model to classify images with 85% accuracy.
- Designed, implemented, tested, and optimized CNN-based image classification models using Python, improving classification accuracy to 85%..

Traffic Signal Optimization Using AI |

- Designed an AI solution for adaptive traffic light control based on live traffic density 24/7.
- Built simulations to demonstrate more efficient traffic flow through 100% optimized signal timings.

Sales Data Warehouse & Analytics | SQL Server, T-SQL, ETL, Data Modeling

- Designed and implemented a SQL Data Warehouse integrating ERP&CRM data using Bronze, Silver, and Gold layers.
- Built ETL pipelines for data ingestion, cleansing, validation, standardization, and transformation of raw CSV datasets.
- Developed a star schema with fact & dimension tables and SQL queries for sales, customer, product analytics, and KPI reporting.

CERTIFICATIONS

- ***Android App Development*** – Completed a course in Mobile app development with real-time project delivery of 12+ apps.
- ***Machine Learning with Python*** – Internship-based ML certification with a focus on practical implementation.
- ***Artificial Intelligence*** - Completed a course on AI with Agentic AI, Gen AI, RL, and Deep Learning.
- ***Data Analytics with AI -*** Virtual Internship and work simulation with Tableau and Advanced SQL

ACHIEVEMENTS AND EXTRACURICULAR ACTIVITIES

- Participated in the National Hackathon with the project Virtual Mandi System(IIIT Dharwad) in 2019.
- Won a Silver Medal twice, representing Karnataka in the *National Level Karate Championships* (Jaipur & New Delhi)
- Secured 1st Position in Inter-Year Coding Competition (IIIT Dharwad, 2019–2020)
- Gold Medal in Tri-Series School Basketball Tournament (Bangalore, 2015)
- Secretary, Sports Club – IIIT Dharwad and Captain, Basketball Team 2019 to 2021.
